

The AIMS of IBUS

1.
To improve the standards of breast ultrasound for assessing the breast and its pathology,
2.
To provide high-quality seminars and interactive workshops covering ultrasound, X-ray mammography, magnetic resonance imaging and other investigative techniques,
3.
To evaluate the role of conventional and newer imaging techniques, and
4.
To promote an international forum for exchange of scientific information.

Imaging & Interventional Techniques

BREAST ULTRASOUND SEMINAR

Saturday 24 August, 2002

AUCKLAND
NEW ZEALAND

International Breast Ultrasound School

The Imaging & Interventional Techniques seminar, consisting of didactic presentations and interactive workshops, will provide a thorough understanding of the ultrasonic interpretation criteria used to define breast anatomy and recognise changes due to benign conditions and early breast cancers.

Imaging strategies for cancer detection will be reviewed and the use of needle biopsy techniques presented from the viewpoint of providing a definitive diagnosis. The management of impalpable lesions and the role of ultrasound in differentiating solid lesions will be discussed. Scanning and interventional workshops form an important part of the teaching programme, and all participants will be provided with a comprehensive book of educational resource materials.

FACULTY:

Mr Trevor Smith, Auckland - *Seminar Convenor*
Dr Sonja Freese, Auckland Dr Jack Jellins, Sydney
Dr Barbara Hochstein, Auckland Dr Reena Rampasaroop, Auckland
Dr Allison Rose, Melbourne Dr Paula Sivyver, Brisbane
Dr David Benson-Cooper, Auckland

VENUE:

Novotel Ellerslie
72-112 Greenlane East Rd
Auckland

REGISTRATION FEE:

EARLY BIRD - \$330 inc.GST (register before 19 July, 2002)
STANDARD - \$380 inc.GST (registration after 19 July, 2002)

(a tax invoice will be issued upon receipt of payment.)

Registration numbers will be limited to ensure maximum interaction and participation during workshop sessions.

RSVP:

Friday 9 August, 2002 *(Registration limited. Please register early.)*

The Breast Ultrasound Seminar - Imaging & Interventional Techniques is an accredited seminar and CME points from the following bodies will be awarded.
Australasian Society for Ultrasound Medicine
Royal Australasian College of Physicians
Royal Australasian College of Surgeons
Royal Australian & New Zealand College of Radiologists

Provisional AGENDA

Saturday 24 August, 2002

Imaging &
Interventional
Techniques

BREAST ULTRASOUND SEMINAR

08:00-08:30 REGISTRATION

08:30-08:45 Opening Remarks - Jack Jellins
08:45-09:15 Advancements in Breast Imaging - Current Ultrasound Techniques
- Paula Sivyver
09:15-09:45 Ultrasonic Anatomy & Scanning Techniques (implants, large
breasted women, surgically altered breasts) - Allison Rose
09:45-10:15 Breast Ultrasound for the Surgeon - Trevor Smith
10:15-10:30 Discussion - Q&A

10:30-11:00 MORNING TEA

11:00-11:30 Sonographic Features of Benign & Malignant Disease - Sonja Freese
11:30-12:00 Imaging Strategies for Cancer Detection - Barbara Hochstein
12:00-12:30 Current Interventional Techniques - Paula Sivyver
12:30-1:00 The Need for Concordance - Sonja Freese & Barbara Hochstein
1:00-1:30 Discussion - Q&A

1:30-2:15 LUNCH

2:15- 4:15 HANDS-ON WORKSHOPS
Ultrasound Scanning Techniques, Localisation FNA/Core
Mammotome® Breast Biopsy System, Interesting Cases with Films

4:15-4:30 AFTERNOON TEA

4:30-5:00 Pathology Aspects & Requirements - Reena Rampasaroop
5:00-5:30 Triage. Which Lesion? Which Method? - Allison Rose
5:30-6:00 Panel Discussion: The Role of Ultrasound - Chairman: Trevor Smith

6:00 CLOSE
